### THE FAMOUS Bug Bible.

EDWARD'S VI'S BIBLE.—Bible, Apocrypha, and New Testament, with Prologues by TYNDALE, thick small folio, black letter, not quite perfect, the New Testament Title with DATE, LARGE SOUND COPY, gilt red morocco extra, £10 10s 1549

In this edition the type is not unlike that used in Covardale's Bible of 1535. The edition is very rare, and though a little imperfect the volume is a desirable copy, since no perfect copy is believed to be known. The Prologues gave such offence to the Clergy that they caused the Bible to be suppressed; this accounts for the rarity of the edition. It is called the 'BUG BIBLE' on account of the rendering of Psalm xci, v. 5—"So that thou shalt not need to be affrayed of any Bugges by night," etc. See the Saturday Review, June, 1888, where they mention an imperfect copy selling for £80 10s, and that no GENUINE PERFECT COPY IS KNOWN.
